## 2022-2023 Survey, Modules, Format, Languages

---

### SURVEY CORE QUESTIONS

The main survey consists of one set of core questions:

1. **KCTC Student Survey core questions** – The core survey contains all questions pertaining to CTC Risk and Protective Factors including sections on demographics and school climate, peer influences, drug, alcohol, tobacco usage, and community-based perceptions. It does not contain questions pertaining to family domain, depression and suicide, demographics for gender identity, or demographics for sexual orientation.

### FOUR OPTIONAL MODULES

School districts may elect to include any of the four following sets of questions that are not included in the core survey. All questions are optional for students to respond to at their comfort level.

1. **Family Domain Optional Module** – This module contains approximately thirty-five questions to determine things like a student's view of parents' attitudes toward drugs and alcohol.

2. **Depression/Suicide Optional Module** – This module contains four questions about depression and suicide ideation and attempt. It is not a suicide risk assessment or suicide screening tool.

⇒ Questions:

- During the past 12 months, did you ever feel so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities?
- Have you ever seriously thought about killing yourself?
- Have you ever made a plan about how you would kill yourself?
- Have you ever tried to kill yourself?
